Who is BaptistCare?

BaptistCare is a leading not-for-profit Christian based care organisation that has been serving the aged and people living with disadvantage for almost 80 years.

From humble beginnings in 1944, BaptistCare has grown into one of the nation's most respected care providers, employing more than 3,700 employees, with a further 500 volunteers.

What sets BaptistCare apart from others isn't what we do, but why we do it. Since our beginnings, our real difference has been the way we support people to improve their well-being and transform their lives; the way we listen to their needs and the relationships we form, enabling us to design and deliver services that matter to them.

At BaptistCare we commit ourselves to delivering an excellent experience each and every day, which means we never stop striving to find better ways to show we care.

Our services and reach

We support 15,000 people across 75 locations in NSW and the ACT. We offer a range of services which include residential aged care, BaptistCare at home, retirement living, in addition to community services such as affordable housing, no-interest loans and services for women and children escaping violence.

Our purpose, vision and values

At BaptistCare, we create strong and caring communities that value personal well-being and each other. When these values are shared, it has the potential to transform lives.

Our Purpose: Transforming lives by expressing the love of Christ.

Our Vision: Every individual living well.

Our Values: We are loving and reliable. We respect the individual and empower them to live well.

Our Promise: Because we care.

We transform lives through care

With close to 80 years of experience, we truly believe in our purpose of 'Transforming lives by expressing the love of Christ'. Unwaveringly, we believe in the work we do and the people we serve. It's a simple, yet profound purpose. Whether that is helping retirees make the most of their golden years, providing shelter for the homeless, or being that caring presence; everything we do, exists with this purpose in mind.
