

Refresh Retreats

A Carer Wellbeing and
Respite Program

Education, support and respite for
carers and their loved ones living
with dementia

What are *Refresh* Retreats?

The *Refresh* Retreat program provides carers with knowledge and practical strategies that may be helpful when caring for somebody living with dementia. People living with dementia are offered an introduction to respite while carers participate in the education and wellbeing program

The Retreat runs over 3 days and 2 nights and includes meals and accommodation.

we care*
